IMPORTANT INFORMATION

ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information on personal accounts that identifies each person who opens an account.

In addition, each time an account is opened for a covered Legal Entity we are required to obtain, verify and record identifying information for each individual that has a beneficial ownership (25% or more) in the Legal Entity and one individual that has a significant managerial responsibility for the Legal Entity.

What this means for you:

When you open an account, we will ask for your name, address, date of birth, social security number, your driver's license or other identification documents that will allow us to identify you.

We proudly support all efforts to protect and maintain the security of our members and our country.
