Help The Lions Club Improve The Sight Of Millions Of People

Recycle Your Old Eyeglasses And Sunglasses

It costs the Lions Club less than 8 cents to provide a pair of recycled eyeglasses and change someone’s life. For children, clear vision means a better education, healthier development and a better quality of life. For adults, it means greater employment opportunity and economic strength. For seniors it means less dependence on others.

Lions Clubs collect millions of eyeglasses each year, making eyeglass recycling one of their most popular activities. You can help. In just about any dresser drawer, one can find a pair of eyeglasses or sunglasses that are no longer being used. That same pair of eyeglasses can change another person’s life. Non-prescription sunglasses are important, too. They help protect the eyes of people who live in areas of the world where the sun is very intense.

Bring your out of prescription eyeglasses and old sunglasses to any Gold Coast FCU office before June 30th. We will take them to a local Lions Club collection center.

Thank you for your support!
